

Daria Riahuzova

Senior Product Designer

Warsaw, Poland | kolycha9@gmail.com | [linkedin.com/in/riahuzova](https://www.linkedin.com/in/riahuzova) | daria-riahuzova.com | Telegram: @dariariahuzova

Senior Product Designer with 10+ years of experience shipping web and mobile products across SaaS, B2B, iGaming, and consumer platforms. End-to-end ownership from research and discovery to polished, production-ready interfaces. Delivered a full-platform redesign across 5 regional markets. Built a multi-brand design system from scratch in Figma (200+ components, tokens, multi-theme). Created an SDUI page builder that cut launch time from 2 weeks to under 24 hours. Strong in user research, data-informed decisions, and cross-functional collaboration. Recently shipped Still Space, a iOS mobile app built end-to-end with Claude Code. Currently completing a Product Analytics course at Projector Institute.

SKILLS

Design: Figma (Variables, Auto Layout, Components, Tokens, Advanced Prototyping), Interaction Design, Responsive & Adaptive Design, Mobile-first, Native iOS/Android

Design Systems: Multi-theme Systems, Atomic Design, Scalable Component Libraries, UI Kits, Design Documentation, Visual Consistency

UX Research: User Interviews, Usability Testing, Surveys, Competitive Analysis, Customer Journey Maps, User Flows, Hypothesis Testing

Product Analytics: SQL basics, Amplitude, Google Analytics, Funnel & Cohort Analysis, Product Metrics

Visual: Typography, Color Theory, Composition, Visual Storytelling, After Effects, Animation Basics

AI in Workflow: Claude Code for prototyping & shipping; ChatGPT / Claude for UX copy & research synthesis

Technical: Basic HTML/CSS understanding, Developer Handoff, Front-end Collaboration

Collaboration: Agile/Scrum, Jira, Miro, Stakeholder Management, Design Reviews, Cross-functional Teams (PMs, Engineers, Analysts, QA, Marketing)

Leadership: Team Mentoring (2 designers), Design Advocacy, Design Process Improvement

PET PROJECT

Still Space — Mobile Wellness App | Personal Project (built with Claude Code)

2026

- Designed and shipped Still Space, an iOS app for people experiencing depression. Full ownership from user research to App Store release, built with AI as co-builder.
- Visual storytelling through illustrations and animated interface elements. Onboarding flow, micro-interactions, consistent design language across 3 languages.

EXPERIENCE

Lead Product Designer | Growe (iGaming / SaaS)

March 2023 – May 2025 | Warsaw, Poland

- Platform Redesign: Owned the redesign of a complex platform across native mobile apps (iOS/Android) and adaptive web for 5 regional markets (Africa, Asia, LATAM).
- Design System: Built a multi-theme, RTL-ready design system from scratch in Figma with 200+ components and tokenized variables. Adopted by 3 product teams.
- SDUI Builder: Designed a no-code page builder enabling regional teams to configure and launch pages without developers, reducing launch time from 2 weeks to under 24 hours.
- Collaboration: Partnered with PMs, engineers, analysts, marketing, and regional heads across all product lifecycle stages.
- Mentoring: Mentored 2 designers, ran weekly design critiques. One mid-level designer grew to senior within a year.

Senior Product Designer | Growe

July 2022 – March 2023 | Remote

- End-to-end design for sportsbook and casino product streams, delivering 15+ high-fidelity flows per quarter.

- Implemented a structured design review process (weekly critiques + async Figma feedback).
- Led design system rollout across 2 product squads. Competitive analysis informed UX improvements contributing to +12% bet completion rate.

Senior UX/UI Designer | ATI.SU (B2B / Logistics)

June 2021 – March 2022 | Remote

- Redesigned core user flows for one of the largest freight exchange platforms in CIS (500K+ registered companies, 250K+ daily cargo listings).
- Designed an interactive connections map adopted by 15K+ users within 3 months of launch.
- Conducted 20+ usability tests.
- Worked with CEO and cross-functional teams to prioritize UX initiatives based on business impact.

Product Designer | Estatik (WordPress SaaS)

June 2019 – May 2021 | Remote (US-based)

- Led end-to-end design for a SaaS product. Built a scalable component library.
- Redesigned search and listing experience: +22% engagement, +15% trial-to-paid conversion.

UI/UX Designer | Unipapers

August 2015 – May 2019 | Remote

- Designed interfaces for 4+ web products simultaneously. Shipped iterative improvements growing MAU by ~30% over 2 years.
- Introduced structured design spec handoff process, cutting developer questions by ~50%.

Earlier: Web Designer at PROFITKIT (2014) | Web Designer at Fastw3b (2012–2013)

EDUCATION

Product Analytics & Data Mining (in progress) — Projector Institute | Jan 2025 – May 2026

Master's Degree — IT & Computer Graphics — NTU “Kharkiv Polytechnic Institute” | 2008–2014

Growe “Let's Grow. Essential” — Leadership Program, 60+ hours (2024)

Bureau Gorbunov Intern School — Design Fundamentals (2015)
